Italy Gives UP FIUME.

Turns Port Over to
Nations' League.

Favorable Indorsement is Ex-
pected from Wilson, the
Premier Says.

Paris, Jan. 15.—The
Times says Italy has waived sov-
erignty over Fiume and also
waived the question of evacua-
tion of Sebenico. The port of
Fiume and the railways will be
placed under authority of the
League of Nations, the paper de-
clares.

Settlement of the Adriatic
question now lies exclusively with
the Jugo-Slavs, Premier Nitti of Italy
told the Associated Press this
evening, as the agreement which
was sent to Belgrade for approval
yesterday shows that France, Great
Britain and Italy are in complete
accord. It has been communicated
to Washington, where it is hoped it
will receive favorable indorsement.

Referring to the text of the com-
promise, Premier Nitti said that
Italy offered to leave the port of
Fiume and the railways at Susest
under control of the League of Na-
tions.

"The city itself," added the
Premier, "is absolutely Italian in its
nature."

In the opinion of Signor Nitti,
the Adriatic question has been much
exaggerated in America. He was
optimistic that a settlement was near
and did not fear interference from
the United States.

ITALIANS ARE BITTER.

"The economic situation in Italy
is much better than reported," said
Premier Nitti. "Italy has a smaller
war debt than any other belligerent,
but public sentiment is irritated be-
cause the people feel that they went
into the war with all the resources
at their command, fought long and
bitterly and lost half a million killed
and they cannot understand why
there is so much difficulty over a
little barren rock in the Adriatic."

He added that Italy might
have held them to the pact, but
preferred to wait many things in-
cluded in the pact and adopt a con-
ciliatory spirit so as to arrive at a
compromise which would satisfy the
Jugo-Slavs. The Italian Chamber
and Senate have never considered
the Jugo-Slavs as enemies but as
friends whom Italy needs and with
whom an accord must be made.

DENIES IMPERIALISM.

"There has been much talk of
Italy's imperialism. Statistics will
show that there is less foreign prop-
erty in Italy than in any country
in Europe or America. Italy is
willing to abide by the decision of
the Supreme Council. The Adriatic
matter will be settled through Paris,
but if Italy can help the work of
the Council by direct dealing with
the Jugo-Slavs she is willing to un-
dertake it."

The Adriatic question cannot re-
main in suspense. It is imperative
that it be settled immediately. We
hope that the Jugo-Slavs will adopt
as conciliatory an attitude as Italy,
and the matter will be promptly
arranged to the satisfaction of all."

Asked as to who would expect
Grieco d'Annunzio from Fiume once
an agreement was reached with Bel-
grade, the Premier replied:

"That will be the easiest phase of
the problem to settle."

Buenos Aires, Jan. 15.—Argen-
tine subscriptions to the new
Italian loan have reached a total of
nearly \$2,000,000 lire.

MY RHINE RULE ENDED.

under the presidency of Paul Tirard
of France, is the supreme representa-
tive of the Allied powers in the
German region, which must remain
technically at least under the armis-
tice status until the United States
Senate takes definite action on the
peace treaty, the program of the
commission will be carried out by the
American military command.

BERLIN, Jan. 15.—The German
troops began to evacuate Silesia yes-
terday.

NEVADA IN G.O.P. CALL.

Biggest Republican
Meet in State.

National Chairman Hays and
Committee Capture Mountain
Commonwealth.

Ray Benjamin and Sam Short-
ridge of California Aid in
the Round-up.

RENO, Jan. 15.—The Democratic
party of Nevada today which is
perched at the present time two
Senators, a Congressman and a
Governor was shaken to its founda-
tion today by the greatest Republi-
can rally in the history of the State,
on the occasion of the visit of Will
H. Hays, chairman of the Republi-
can National Committee.

Republicans from every county in
the State came to Reno to meet the
young leader of the grand old party,
and to hear his ringing appeal for
party solidarity at Reno's largest
banquet hall. The hotels were crowd-
ed with visitors, and a spontaneous
welcome was accorded the Republi-
can chief and his party which ar-
rived early this morning from San
Francisco, and was scheduled to re-
turn early tomorrow morning for
California.

NEVADA REGENERATED.

"It was freely predicted tonight
that a new Republican party was
born in Nevada. There will be no
meeting of the party leaders of the
State in the City Hall here tomorrow
for the purpose of organizing a
steering committee. Ample inspira-
tion for this meeting was supplied by
Mr. Hays in his speech tonight to a
crowd that overflowed the Rialto
Theater.

The Democrats of Nevada may
well take warning from the spirit
evinced in today's rally of Republi-
cans. The time has come when the
history have so many Republicans
assembled, not excepting the oc-
casion when President McKinley
came to Reno, has never been
made more personal bids for the
Nevada vote.

In the Hays party are Maurice
McKenzie, secretary; Robert G.
Tucker of the New York World;
Miss Mary Garrett Hays, chairman
of the Woman's National Executive
Committee; Mrs. John H. Glover
of Kentucky, chairman of the
women's National Committee; Mrs.
George W. Reinick of Illinois; Mrs.
Joseph C. Preston of Washington;
Raymond Benjamin, California
State chairman, and Samuel Short-
ridge, San Francisco attorney.

Mr. Hays spoke at a luncheon at
the Riverside Hotel at noon, and
conferred with Nevada Republicans
at the Golden Hotel in the after-
noon, while the Republican women
of the State were passing resolutions
calling upon the Legislature to ratify
amendment to the Nevada consti-
tution.

STATE STRENGTH GROWS.

Of outstanding importance to Ne-
vada Republicans was Mr. Hays's
announcement that Nevada soon may
be expected to be given three
electoral votes, with the possibility of gain-
ing a Republican Senator.

At the conference Mr. Hays ad-
vised reorganization of the party in
this State and the infusion of new
blood.

Mr. Hays and his party will re-
turn to San Francisco early to-
morrow.

WALLACE MAY RUN FOR
UNITED STATES SENATE

FORMER LIEUTENANT-GOV-
ERNOR TO MAKE RACE INSTEAD
OF STEPHENS' REPORT.

SACRAMENTO, Jan. 15.—The
corridors of the Capitol were buzz-
ing with gossip today as a result of
the announcement that A. J. Wal-
lace of Los Angeles, former Lieuten-
ant-Governor, will be the candi-
date for the Republican nomination
for United States Senator at the
August primaries, and also because
of the declaration made by Gov.
Stephens to Assemblyman Maurice
B. Browne of Tuolumne county, that
he is not a candidate for any of-
fice.

Wallace, it is declared authori-
tatively, will make public announce-
ment of his candidacy for the Sen-
ate next week. Ever since he entered
politics in 1910 when he was elected
Lieutenant-Governor, Wallace has
been known to have had ambitions to
be to the United States Senate. He is
a leader among the drys in Cali-
fornia.

The statement made by Gov.
Stephens to Assemblyman Browne
during a private interview is taken
to indicate the Governor has defi-
nitely determined to quit politics,
and will retire to private life upon
the expiration of his present term.

Governors to Welcome Army.

NEW YORK, Jan. 15.—The
Western Governors and a number
of Senators and Representatives
will join in the welcome home
next Sunday to the last men of
the American Expeditionary
Forces to leave France. It was an-
nounced tonight by the Rocky
Mountain Club, which is in charge
of the reception. The final con-
tingent of America's army of lib-
erty sailed from Antwerp on the
steamer Northern Pacific last Sun-
day and is due in New York next
Sunday.

The Governors, who will form
part of the reception committee,
are: Thomas E. Campbell of Ariz-
ona, D. W. Davis of Idaho and
O. A. Larrabee of New Mexico.

The committee will escort the
soldiers to the bay on a tug. A
banquet and theater party are
among the features planned for
the welcome home.

MEXICO SEEKS OIL LANDS.

DOUGLAS (Ariz.), Jan. 15.—
The government of Mexico has re-
solved to buy or acquire by con-
demnation proceedings all of the
oil lands in the zone of fifty kilo-
meters from the frontiers of the
State of Sonora.

The government has been fore-
going against the perfectly well-
defined precepts of the Constitu-
tion, says a Mexico City special to
the Associated Press.

At the same time the Executive
expects to obtain from Congress
a fund of \$5,000,000 pesos in in-
ternational gold to buy these properties.
It is feared that oiling companies
will be unwilling to sell these prop-
erties of oil land, but in this case
our government of a truth would be
forced to expropriation. With
the late Senator Underwood, who
was one of the meeting leaders of
Senators held by foreigners within
the prohibited zone, announce-
ment is expected to be made in
the near future.

VILLA ON WARPATH.

BROWNVILLE (Tex.), Jan. 15.—
Unconfirmed reports were re-
ceived here tonight that Fran-
cisco Villa, with an unknown num-
ber of followers, had left Chihuahua,
crossed the States of Coahuila
and Durango, and was threatening
to cut the Mexican national
railroad between the cities of
Brownsville and El Paso.

If the report is true it will be
the first time Villa personally has
crossed the Rio Grande into the
United States. The United States
Department of Justice agents believe
his purpose may be to join forces
with Juan Andres Almanzan, who,
for some time, has commanded a
band of rebels in the western part
of that State.

DIE OF EATING OLIVES.

NEW YORK, Jan. 15.—Two
persons have died and three others,
all in the same family, are not
in the hospital tonight and are not
expected to live as a result of eat-
ing olives which produced a
strange malady.

Mrs. Maria Baldino and her son
Dominick, 16 years old, after eat-
ing the fruit, both first lost their
sight and then were suffocated
while lying in bed. Mrs. Baldino
died, dying four days apart.

THE ROLL CALL.

The roll call on the election fol-
lows:

For Senator Hitchcock: Ashurst,
Chamberlain, Culberson, Henderson,
Leahy, Kline, Kirby, Myers, Nu-
gent, Overman, Phelps, Pomeroy,
Robinson, Sheppard, Simmons,
Thomas, Walsh of Montana, Wolcott—19.

For Senator Underwood: Bank-
head, Dial, Fletcher, Gay, Gerry,
Gore, Harris, Harrison, Jones of
New Mexico, McKellar, Pittman,
Randolph, Reed, Shields, Smith of
Maryland, Smith of South Caro-
lina, Stanley, Walsh of Massa-
chusetts, Williams—19.

BRYAN AT CAPITAL.

Before the conference William J.
Bryan arrived at the capital and
conferred with several Democratic
Senators. The first Senator Mr.
Bryan saw was Senator McKellar,
Democrat, Tennessee. Senator Mc-
Kellar collaborated with Senator
Kendrick, Democrat, Wyoming, in
drafting a set of compromise resolu-
tions which have been widely dis-
cussed between both Republicans
and Democrats.

Mr. Bryan said he was working
for immediate compromise of the
treaty controversy to hasten ratifica-
tion. As an alternative, he outlined
a plan to have the treaty brought
before the Senate again, and the
Democrats refrain from voting, per-
mitting immediate ratification by the
Republicans with such reservations
as they may adopt. This would
make the Republicans responsible
and permit the Democrats to go be-
fore the people later in advocacy of
restoration of provisions of the
treaty "cut out" by the Republican
reservations, he said.

Mr. Bryan said he was making
no negotiations regarding reser-
vations.

OKLAHOMA AN OPEN SHOP?

OKLAHOMA CITY (Okla.), Jan. 15.—
The feasibility of making the
entire State of Oklahoma an "open
shop" is to be the principal topic
of discussion at a meeting of em-
ployers here tomorrow.

TO LEASE STAGES.

SAN FRANCISCO, Jan. 15.—Au-
thority to lease the equipment of the
El Dorado Stage Company, which
runs between Los Angeles and Bar-
kersfield and Los Angeles and Taft,
was sought from the Railroad Com-
mission here today by the White
Bus Line Company of Los Angeles.
An option to buy the El Dorado
properties for \$105,000 will accom-
pany the lease, the petition said.

Bipartisan Meeting
Encouraging.

Paves Way for Negotiations
for a Compromise and
Ratification.

Democrats Have Deadlock in
Conference to Elect a Mi-
nority Leader.

WASHINGTON, Jan. 15.—At a
bipartisan "round table" confer-
ence of Senate leaders late today
formal negotiations toward a com-
promise on reservations to the peace
treaty were inaugurated. No agree-
ments were reached at the meet-
ing, which was participated in by
four Republicans and five Demo-
crats, and which lasted two hours.
Another meeting will be held Sat-
urday, and in Senate circles today
there was renewed hope of a com-
promise.

The conference, in which Republi-
can Leader Lodge and Senator Hitch-
cock, administration leader, were
leaders, followed the unsuccessful
attempt of Democratic Senators at
a party caucus to elect a leader to
succeed the late Senator Martin of
Virginia. After two attempts to
break a tie vote of 19 to 19 on Sen-
ator Underwood, the caucus ad-
justed itself to the joint call of the
Republicans.

Another development was a visit to
the Capitol by William J. Bryan.

In the first test strength today
in the Democratic conference, the
supporters of Senator Underwood of
Alabama won a margin of one
vote. The test came on a resolution
to invite Carter Glass, who soon is
to take the seat in the Senate, to
visit to the conference. Mr.
Glass is understood to be favorable
to Senator Underwood, and the resolu-
tion was opposed by supporters
of Senator Hitchcock of Nebraska.
The present acting Democratic
leader.

Two ballots were taken, and the
count on each was 19 to 19, with
Senator Underwood of Georgia with-
holding his vote.

The next caucus will be held after
the Senate adjourns. The appointed
Senator from West Virginia, takes his
seat. He is understood to favor Under-
wood. The caucus voted by a ma-
jority of one to allow his vote to
be cast, but Senator Underwood de-
clined not to press the matter.

NOT A TREATY FIGHT.

Senator Underwood, in a state-
ment, said that Senator Hitchcock's
leadership in the treaty fight was
peace treaty controversy was not in-
volved and that the Nebraska Sen-
ator would continue to have his
loyal support on treaty questions.

Forty-three Senators were present,
the smallest number since the war.
Senators of Virginia and Smith of Ariz-
ona, who were paired, and Senator
Reed of Nevada, Senators Under-
wood and Underwood refrained
from voting.

THE ROLL CALL.

For Senator Hitchcock: Ashurst,
Chamberlain, Culberson, Henderson,
Leahy, Kline, Kirby, Myers, Nu-
gent, Overman, Phelps, Pomeroy,
Robinson, Sheppard, Simmons,
Thomas, Walsh of Montana, Wolcott—19.

Bolshevik Drive Toward
India Stirs London; New
Council is Held in Paris

By their victories the Bolsheviks have obtained command of enormous supplies of food, raw materials, coal and rolling stock and other means of transport of which they formerly were in need.

Speculation is active in the European capitals as to what will be the next move of the Bolsheviks. It is regarded as certain that, flushed with success, they will not be content with their present conquests, but will seek to extend Bolshevism either eastward or westward.

The Bolsheviks are undoubtedly command formidable forces, but not sufficient to warrant an attempt to advance both east and west. Against the likelihood of an attack on Poland is the fact that the Bolsheviks would be exposed on the north to an attack by the Letts and on the south to an attack by the Rumanians.

The semi-official statement issued at London today seems to indicate that the British government is more apprehensive of a move eastward, threatening India.

Within the next three months, says a long official statement dealing with Near Eastern affairs, Great Britain will be faced with a serious Bolshevik situation in the Near East, which would mean military commitments, according to expert opinion based on official advice from the Foreign Office.

The Bolshevik occupation of Trans-Caspia may be regarded virtually complete, which makes the position in the Caucasus most difficult from an anti-Bolshevik viewpoint. There is little hope of stopping the Bolsheviks from overrunning the Caucasus, and if they succeed they will be able to join Mustafa Kemal Pasha (head of the Turkish Nationalists) and other Turks for Mesopotamian aggression.

Likewise, Red occupation of Trans-Caspia gives the Bolsheviks a base for operations against Persia and extending to India, with the co-operation of Afghanistan.

There is a large Bolshevik element in Baku and a Red landing there would probably result in the re-entrance of these Bolsheviks into the Caucasus.

The Reds are pouring troops into Trans-Caspia by greatly improved railroads. They have sent detachments toward Khiva, probably with the object of rousing the scattered forces of the Siberian army.

From Siberia comes the report that the remnants of the Siberian army numbering

FRIDAY MORNING.

WEINSTEIN ILL; RESIGNS OFFICE.

Market Director Decides to Quit Duties.

by Pneumonia After Eastern Journey.

Office Subjected to Stormy Criticism.

(BY A. P. NIGHT WIRE.)
 WASHINGTON, Jan. 15.—State Director Harris Weinstein has resigned his position as director of the Federal Trade Commission, effective February 1. This resignation was made here today.

by the Governor received today. It is given as the reason for his resignation.

Weinstein has been ill of pneumonia for more than three weeks. A physician advised him to resign his office for the sake of his health.

During the sixteen months of his tenure of office, Weinstein's administration has been the subject of severe criticism. He has been accused of being a "puppet" of the big business interests.

His resignation ends a period of controversy which has been going on since his appointment to the office. He has been accused of being a "puppet" of the big business interests.

FOREIGN EXCHANGE MAY SLUMP PRICES.

(BY A. P. NIGHT WIRE.)
 NEW YORK, Jan. 15.—Waiting that prices might become not too high, but too low, unless the foreign exchange situation is remedied, was given today by William B. Colver, of the Federal Trade Commission, in an address at the annual convention of the National Wholesale Dry Goods Association.

Expressing fear of overproduction and unemployment, he said: "Unless present forces are checked and new ones brought into play, we may not be troubled so much by the high cost of living as by the need of individual income to meet a very much lowered cost of living."

LEAGUE OF NATIONS TO BECOME A FACT TODAY.

"CLOCK ROOM" OF THE FRENCH FOREIGN OFFICE PLACE OF FORMAL SCENE.

(BY CABLE AND ASSOCIATED PRESS.)
 PARIS, Jan. 15.—The League of Nations will come into being tomorrow morning at 10 o'clock at a public ceremony to be held in the "clock room" at the French Foreign Office.

Leon Bourgeois, the French representative, will preside and make the opening address. Earl Curzon, of Kedleston, British Secretary of State for Foreign Affairs, also will speak.

"ALL-AMERICAN" SWATTED AGAIN.

Secretary Lane Points Out Objections to Canal.

Would Make Speculation in Land Almost Certain.

Also Objects to Swapping for Lands of the State.

(EXCLUSIVE DISPATCH.)
 WASHINGTON, Jan. 15.—Once more the Interior Department has swatted the all-American canal project.

In a letter sent to Judge Kinkaid, chairman of the House Committee on Irrigation, Secretary Lane calls for many changes in the last draft of the bill and urges some amendments.

Foremost of these changes is the requirement that all entries by soldiers under the preference act be under the homestead act. He advocates a change in section nine so that, as changed, the preference provision reads: "The right of entry under the homestead laws in tracts not to exceed 160 acres to any person upon the payment of \$125 per acre."

This change will give the preference accorded to soldiers to acquire public lands within the project, continues Secretary Lane in the letter. He says further: "The bill as drawn would permit, and in my opinion should, as soon as entered and reclamation assured they would have a salable value of anywhere from \$20 to \$200 per acre."

Speculation possible. "If the object be—and I presume it is—to enable soldiers to obtain homes upon the land under the homestead laws, which would preclude disposition or sale prior to final proof of residence for the period required by these laws, it would be for that period at least a bar to speculation and attach the soldier to the land."

Secretary Lane is also against the proposal to allow the State of California to exchange lands for any of the public lands for use in State settlement work, but agrees that the State may have the option to purchase not to exceed 50,000 acres for such purpose, conditional on forfeiting such land if the State does not promptly prepare the same for settlement within the time provided in the contract of sale between the United States and the State of California, after the water is ready.

EXCLUSION CLAUSE.
 Secretary Lane also asks for an amendment authorizing the exclusion of all lands in the project where the owners will not sell all lands above 160 acres.

The State Department is still to hear from, and it is understood serious objection will be made to the provision of the bill dealing with water for land in Mexico.

END LONG FIGHT ON WATER POWER

Senate Passes Measure Pending for Ten Years.

Provides for Federal Commission and Licensing.

Means Much in Development for Western States.

(BY A. P. NIGHT WIRE.)
 WASHINGTON, Jan. 15.—Ending a ten-years' fight the Senate today passed the water power bill, which now goes to conference for the consideration of the House and Senate.

The measure provides for the creation of a Federal water power commission, composed of the Secretary of War, Interior and Agriculture, which would be authorized, after investigation, to issue licenses for the development of water power projects "for a reasonable annual charge." The licensees would run for ten years.

Further provisions. The measure further provides that the Federal commission shall co-operate with the States and other Federal agencies that there shall be no charge on State and municipal power projects, and that industrial plants developing less than 200 horse power, shall not be required to pay a license. On January 15, the Senate passed the bill by a vote of 74 to 16.

Three alternatives. At the expiration of the fifty-year license period, the government would have three alternatives in dealing with all licensed projects. Take over the plant, issue a new license, or have the original licensee continue in operation. Those voting against the bill were: Republicans—Borah, Granger, Kenyon, Lenroot and McCormick.

HURT IN NEW HAVEN FIRE.
 NEW HAVEN, Jan. 15.—Fire, which suddenly started in the Chamber of Commerce Building this afternoon, did not cause heavy material damage, but may result in one or more deaths. Several persons were injured. Firemen with nets and scaling ladders rescued scores caught about the seventh floor. A number who jumped were safely caught.

Children's Colds. Every parent can add to the health of the community and his or her peace of mind by guarding against coughs and colds. When your child has sniffles or watery eyes don't hesitate to take him from school for a day or two so that you may break up the cold he has contracted. You are perfectly safe in giving Chamberlain's Cough Remedy to your children. It contains no opium or other narcotic. It acts on nature's plan, loosens the cough, eases expectation, relieves the lungs and opens the secretions, helping the system to throw off the cold.—[Advertisement.]

WEALTHY RANCHER DIES.
 (EXCLUSIVE DISPATCH.)
 SANTA BARBARA, Jan. 15.—William Henry Bartlett, Jr., died at an early hour this morning at his Montecito home of pneumonia, which developed from influenza. He was 39 years old and owner of Vermelo Park cattle ranch of 300,000 acres in New Mexico.

In 1918, his father, W. H. Bartlett, owner of the ranch and head of the Chicago firm of Bartlett, Frazier & Co., grain brokers, died, and on September 5 of last year Norman Bartlett, brother of the local man, died of pneumonia, while being hurried from the Vermelo ranch to Chicago for treatment. Bartlett had lived in Montecito for ten years. He is survived by a widow and two small daughters.

Funeral services will be held at the Montecito residence tomorrow afternoon. The remains will be placed in a vault until next spring when they will be taken to Chicago for interment.

Member of Exclusive Colony at Montecito Passes Away.

*Meeting Today in Interests of
Americanization.*

*First of State Series that will
Swell War Fund.*

*Joe Hanson of Seattle will be
the Chief Speaker.*

U. S.
MAY 1919

At Trinity Auditorium this morning will be the first of a series of public meetings throughout the city in the interest of the Americanization Fund. The object of the movement is to facilitate the naturalization of foreigners residing in this country and to help them to become citizens.

It is a campaign with the primary object of fighting radicalism and educational weapons.

Mr. Hanson, who broke the soviet strike in the coal mines, is one of the principal speakers. Since receiving the Mayorship of this city he has been in the forefront of the fight against the districts of the East, making a study of the subject of naturalizing the foreign populations. He has been successful in getting laws passed which have been plotted by foreign agitators to keep the victims of the strike from being committed by the alien element.

According to estimates there are about 250,000 unassimilated foreigners in this country at present, and at \$2.00 a head, they are employed in the coal mines in essential industries.

Leaders who terrorized the industrial districts during the steel strike were almost all foreigners.

President Taft and others who regarded the industrial districts as the center of radicalism are of the opinion that ignorance of American language and of American institutions is the cause of the spread of radicalism among immigrants. They hold that the only way to cause a radical to change his mind is to teach them what free government means, to educate them along these lines.

It is the most laudable educational movement that has been carried out since the patriotic movements cannot be carried out without the aid of the government.

For the purpose of increasing the number of citizens, the Americanization Fund is paying membership of the fund to those who will be the first will be held at 10 o'clock.

At this meeting, plans have been planned, in-

SOCIETY.

BY VIRGINIA WOODS.

Garden Wedding.

The quaint tea house at the Beverly Hills Hotel was yesterday afternoon the scene of the marriage of Miss Carlotta Rydman of Hollywood and Mr. Sidney King Russell of New York. Rev. Harry Gray celebrated the rites in the presence of seventy-five guests.

The bride, who is the daughter of Mr. and Mrs. W. H. Rydman, was a lovely girl, and the groom, who is the son of Mr. and Mrs. S. K. Russell, was a handsome young man.

The bride wore a gown of white tulle with a long train and a full skirt. She carried a bouquet of white roses. The groom wore a tuxedo and a white shirt with a bow tie.

The ceremony was performed in a simple and elegant manner. The Rev. Harry Gray read the opening prayer and then pronounced the couple man and wife.

The reception was held in the same tea house. The bride and groom were surrounded by their friends and relatives. There was a large spread of food and drink.

The wedding party included the bride's mother, the groom's mother, and several bridesmaids and flower girls. The ceremony was a beautiful and memorable event.

The bride and groom will be married in the city of New York. They will live in a large and comfortable home.

The wedding was a great success. The bride and groom were both very happy. The guests were all very pleased.

THE NEW.

IN STORES AND HOMES.

NOVELTIES, IDEAS AND PRACTICAL SUGGESTIONS.

By Olive Gray.

Up-to-date:

Taffeta, in the new bronze shade, bids fair to out rival the former popularity of taffeta in either navy or black.

For afternoon frocks, especially, bronze taffeta excels. Easily matched in hosiery and in shoes, as well as in millinery, many a forthcoming costume of this silk is being planned.

Simplicity characterizes the line of many handsome gowns; but that simplicity is almost without exception, relieved by some extremely ornate touch, such as a rich rope girdle and a row of pearls to terminate it. Or, possibly it is a dash of beautiful hand-embroidery which lends to the gown the final cachet. Frequently all the brilliance of the dress is gathered in the train, the latter ornamentation, which is apt to be oriental in its lavishness of color mingling.

Now is the Time to Buy:

The winter wardrobe cries out for replenishment, and yet you are not ready to decide upon the new, in the way of suits or dresses, for general wear; it is then that the sports suit has its inning. Some of the new examples for country club wear are worthy of a place in the most fastidious wardrobe.

Your lingerie for summer's use. Whether it be but the simple muslin daintiness, the handwork from the Philippines, or a full quota of the silken garments which women love so to select now is the time to buy.

Lines replenishment for the household. The longer one defers, the more is one likely to be obliged to pay for really good materials in either linen or cotton, or at least so we are informed by those whose business it is to know and forecast the future in such commodities.

Think We Know How:

"You people, in California, know how to live, and I am glad to get the very most out of it," exclaimed a neighbor guest, recently, from the East. "I look back and see how much time and labor we expend in doing things that are really unnecessary. I shall buy a home with a breakfast room, in the kitchen corner, where we can breakfast in comfort and save work; and I intend to learn how to live without even waiting for a servant."

California has mastered all the household problems, it seems to me, with your pretty, conveniently arranged bungalows, your use of all the latest labor-saving devices, such as the fireless cooker, the vacuum cleaner, the electric toaster, iron, and even a washing machine run by electricity and assured clean clothes at a minimum of work. Have your old-time processes and the necessity of baking bread! No wonder your women are up-to-date on all the big questions, they have time to study and to read in the world.

And to keep in tune with all that is best in life!

An Old Favorite:

A revival of checked gingham, in the new squares, is predicted as a popular frock for little girls, for spring. The only trimming will be a simple, sampler design in cross-stitch used as a border to the skirt, as an outline to the yoke, or waist, or for edging collar and sleeves.

Return to White:

The popularity of white for summer is usually unquestioned, but now it is heralded as one of the prime favorites for the first spring use. This time, it is silk, which bids fair to out rival all else for the forthcoming season, and what wonder, when one beholds the many lovely new weaves, and especially, the new, white silk hats, which are becoming to nearly every style of beauty. The soft, crumbly crown and brim render them easily shaped to fit the contour of any face, and that is a point urgently insisted upon by French women, who know better than any others how to make the best of themselves, and sometimes the slightest tilt downward, upward or sideways, of brim, the least indentation or "peaking" of the crown—makes all the difference between a prettiness and a plain one! The accommodating hat becomes thus an accomplice in the art of beautification.

Belt:

With the vogue of the leather belt comes many variations and novelties for the embellishment of this becoming accessory. The hand-made girl has just completed one for herself which is quite unlike any other seen. Of black varnished leather, of moderate width, it is embellished with hand-made and closely-applied worsted fruits and flowers, in more or less natural colorings. The larger fruits are placed at the back, and the smaller ones graduate toward the front, giving an effect of slenderness and a slight dip toward the lower edge of the waist line.

Straw Show:

Straw is to be used for trimming dance frocks of organdy. Paris, not so inconspicuous, as night, first glimpse. In fact, some of the prettiest effects imaginable are obtained by edging ruffled narrow lines of straw, which serve the double purpose of trimming, when in accentuating color, and also of slightly stiffening the frills.

Milk Should Go Down:

With the discovery of an addition to the Milky Way, the price of milk should decline. Good news for housewives, if it were true. It was a woman, too, an honored member of the Harvard astronomical

FITZGERALD

HOME OF THE AMPICO

In the Knabe, Haines and Franklin Pianos

A REPETITION

of an Artist's Performance

When you hear the Knabe Ampico you hear not only the literal reproduction of the hand playing of great artists, but you hear the reproduction of their work ON THE VERY SAME INSTRUMENT that most of the world's great artists use in their original renditions.

You hear the same glorious tone, you feel the same surging thrills of emotion.

A Knabe Ampico Reproduction of an artist's hand playing might better be called a REPETITION than a reproduction of an artist's playing—for in very truth it IS the artist's ORIGINAL performance simply transposed and delivered again.

The KNABE AMPICO

Reproducing Piano

That you may understand clearly what this means, we invite you to a demonstration that will surely amaze you beyond anything you can imagine.

FLOOD WORK, PRO AND CON.

Attack on Check Dam System by Hart-

ranft and Reagan's Answer.

THE CHARGES.

(Continued from First Page.)

with at the half-way point, to permit small torrents from above to sweep the structures out below in a destructive flood peak?

Have the Supervisors been asleep at the switch?

If God should go to sleep on the job for just a few hours and let loose the prevailing drought (which we have, yet fear to lose,) we of this generation—even you and I—may see the erosion of centuries occur in a single night.

[Note—Since making the above report the Forestry society ordered a measurement taken of the location of the first retardation dam constructed by the County Flood Control in the main Stewart Canyon. Instead of being one mile below the head of the canyon it has been found that the total distance of unchecked drainage-way was three miles, consisting of a mile and a half in the main canyon plus three tributaries which were wholly unchecked, averaging the distance of a mile each in length. No engineering knowledge is required to understand that such construction was a suicidal attempt to get rid of public money or a design to injure in the public mind the principles of mountain conservation.—M. V. H.]

cal staff, who made this star discovery!

New Silks.

Poring over the recently-arrived samples of silks for spring and summer wear I could scarcely find sufficient words with which to express my admiration. The new kum-kummas, in the loveliest of shades were

Elaborate-looking "gloves," set in elongated ovoids. These are already made up into skirts for wear at country clubs by some of the more enterprising houses; so that one may see, rather than merely imagine, how they are to look.

Linen Vogue.

Do you not know full well that once linen became scarce—yes, almost impossible—it would be the hour's fad? And so it proves. Linen is one of Fashion's favorites in millinery. Linen, combined with most unthought-of materials—with leather, with worsted, with anything, and everything. Linen quilted, forms the crown and brim of one new and stunning hat.

What Fashion Springs.

Velour is one of the best materials for a one-piece robe. Laces will be used on some of the gowns for southern wear.

Novelty weaves in tricotees are the new blouses. A novelty in the lace petticoat, made in one with the palamas.

Tinsel embroidery will probably be used on some spring wraps.

For the spring trotteur the wool stripes and plaids will be pleasing. Cavalier hats go naturally with the more picturesque velvet gowns. Changeable taffeta in dark

shades is used for breakfast coats. The wrapped turban is the latest favorite among dance hats. Millinery flowers and fancies are used in draped effects on over-blouses.

Knitted wool robes belong in the trunk being packed for a house party. Some tailored and Irish trimmed negligees are of heavy, lustrous silk.

Black satin, draped with black tulle, is a wise choice for an evening gown.

Entire capes of gray squirrel fur are among the most luxurious garments.

Bulgarian embroidery, in bright colors, is seen on some of the spring blouses.

The straight-lined dress continues to be a favorite, but is often varied with panels.

Homespun belts appear on sport costumes; also leather belts with skunk bands.

Angora cloths in Scotch plaids, or with blazer stripes, are used for skating coats.

Navy serge dresses, trimmed with bands of bright fur, are a pretty revival.

The "directoire" style of coat or dress is one of the "picture style" which scarcely ever goes out of fashion.

CLUB CECILIANES.

The "100 Per Cent. Club," an organization of business and professional men, held its second high links at the Marchetti-Roma Cafe, last night. One hundred of the members were present. Several musical numbers were given, followed by the "arrest and trial" of ten of the members.

The meeting was held to observe the passing of John Barrymore.

PEN POINTS.
BY THE STAFF.
About the only thing low in the East is the thermometer.
Make no mistake, the thermometer is not a thermometer.
Why not stick of the thermometer a lot of dross has accumulated.
At last something has been capable of shocking the nation.
Jack Dempsey is willing to fight in Mexico, but he was shored to France.
Half the world wonders how the other half got their motor cars in a conundrum.
A bandit held up a local policeman. It beat all the years know where the coin is.
The Federal Fair Price Commission now has an office and a secretary. But that won't be enough.
Looks as if we would have to the 15th power at the dedication of the Broadway lights tonight.
Dr. Tamayo has been elected President of Ecuador, possibly the platform that he kept the country out of the war.
And it is getting so now that any speaks so low one can hear it hear it across the water.
The Federal Fair Price Commission ought to be able to hold on at the meeting of the Democratic National Convention.
The hard-boiled Democrats of Los Angeles are having the excitement of their lives trying to get into Bryan band wagon.
It has been determined that the Turks are to keep Constantinople. But who will have the mandate on the dogs at Istanbul?
"My policy" wrecked the political career of Andrew Johnson.
The Democratic party, if anybody should inquire.
Deal gently with the census enumerator. Under the Federal law you must answer all questions. The census man will get you if you don't wash out.
It may be simply a coincidence, but it is a fact that all of the increase in the price of living has occurred during a Democratic administration.
If the worst comes we can be the example of Robinson Crusoe. We can make him a cost of the goods of a goat, but the trouble will be to get the goat.
The beginning of national prohibition and the end of the prohibition period occur on the same day. Friday next. There may be a little in this, but we can't leave it.
By the way, we wonder how old-fashioned Esthonian are getting on in their fight for Finland. They seem to be truly fighting with the Lotus and the Lilliputians.
The income blanks for 1919 are soon ready for distribution, enabling the average taxpayer to get over the stress caused by the trouble in making the last year's payment.
It is expected that President Wilson will soon announce the successor to Secretary of the Navy. There ought to be no trouble in getting a competent successor.
The price of flour is again falling, possibly because the winter wheat last summer was the largest in the history of the United States. There does not seem to be any reason in sight.
The fact remains that the strike cause in the Communist road bill ought to stand. The actual invasion of a foreign country is nothing could the country have effect on the country than the long line-up of the transportation. The mass of the people are not. Therefore they favor that popular feature of the Communist bill.
YE SADDLE BALLADE OF YE SUMPTUOUS DOGG.
Upon a hickory shaft there sat a dog of flesh, hot and brown and black. He was a dog of the black pride, black pride, black pride.
And he was a dog of the black pride, black pride, black pride.
Dr. Norman A. Bridge, who will be introduced by A. B. Case of the Executive Committee. Clarence A. Lyman will briefly review the local efforts of the organization in the maintenance of the Enlisted Men's Club, the service men's dormitory and the replacement bureau in Los Angeles, the Soldiers' and Sailors' Club in San Pedro, and the other varied activities of the agency. The report of the program committee will be read by William V. Cowan, in charge of the local office. Paul J. McCormick will explain in detail the significance of the program. Lieutenant Burton will speak on the "Community Service, the Legion's Strongest Ally." After the appointment of committee by the chairman, Dr. James A. Francis will speak on "Community Service vs. Social Unrest."
MANAGERS TO MEET.
R. M. Ayres, Southern California manager of the Owl Drug Company, left yesterday for San Francisco to attend the annual convention of the drug store managers and home office executives of a group of the local managers and J. L. Loeble, manager of the San Diego store.

DRY GOODS MEN ELECT COOPER.
Local Merchant President of National Wholesale Dry Goods Association Yesterday at the annual meeting of the association in New York City. This is the first time that a merchant from the Pacific Coast has been honored with the presidency by the members of the association, which is composed of all the large wholesale dry goods firms in the country.
Delegates to the annual meeting are selected by each firm that holds a membership. It was said here yesterday. Mr. Cooper has been head of the local firm since its organization fourteen years ago. He lives at 422 South Mariposa street.
NEW GUILTY; TO ASK A RETRIAL.
(Continued from First Page.)
Verdict of not guilty by reason of insanity if it could feel assured that New would be kept in an asylum for the rest of his life, some of the jurors said. Those who favored a finding of murder in the first degree expressed their belief that New shot Freda Lesser while sitting with her on the back part of the automobile. His arms around her, one of the men said.
Juror J. H. Clancy, who acted as secretary of the jury, held out for first degree murder verdict. On degree verdict, including the statement that New had been in the condition in which New had placed Miss Lesser. Foreman R. G. Klingerman held similar views.
The ballots taken early yesterday morning were ten for second degree murder and two for insanity. The final ballot showed twelve for second degree verdict, including the statement in which all of the jurors concurred to break the deadlock. The first ballot was taken at 4:10 p.m. Tuesday.
The verdict was reached on the twelfth ballot, at 10:15 o'clock. Bailiff Allen called New into court and the jury filed in. New showed no emotion. He was taken to the back he grunted, "Second-degree murder," and said something about "point anywhere." Deputy Sheriff Lovell said.
From the bridge New was taken to the jail office, where his mother was waiting for him. Miss Clancy joined them almost immediately afterward. Mrs. Burger felt and looked crushed, but tried to cheer up when New entered the room. "It breaks my heart to see them send that boy to the penitentiary, for he's not right," she told some of the jail attaches. The meeting between New and his mother and sister was not marked by any emotional outburst. What they felt no one could tell.
After meeting his mother, New went upstairs to his dinner. He was alone in the big dining-room when the attorneys came. He began tapping on his soup plate and hummed a tune. "What's the trouble, Harry?" a turnkey asked him. New shrugged his shoulders, his face twitched, and he turned back to his soup, as if he did not hear.
The trial started on December 15, and yesterday was the twenty-second day of the case. It was estimated that the trial cost the county between \$5000 and \$10,000, and would cost the state and the defense between \$25,000, of which Mrs. Burger, New's mother, raised the greater part by selling her home and other sacrifices. Senator New sent it was understood, \$5000 to Attorney Davis to defray some of the fees and expenses.
COMMUNITY SERVICE TO STATE PROGRAM.
PLANS TO BE OUTLINED AT MEETING TONIGHT AT THE ALEXANDRIA HOTEL.
One hundred civic leaders in all lines of activities will meet this evening in the north parlor, mezzanine floor, Alexandria Hotel, to hear the presentation of, and judge work out a broad, constructive peace-time program for community service. Invitations have been sent to those recognized particularly for their efforts during the war, as community service is the successor and beneficiary of War Camp Community Service, which functioned in 604 municipalities during the war.
Dr. Norman A. Bridge, who will preside, will be introduced by A. B. Case of the Executive Committee. Clarence A. Lyman will briefly review the local efforts of the organization in the maintenance of the Enlisted Men's Club, the service men's dormitory and the replacement bureau in Los Angeles, the Soldiers' and Sailors' Club in San Pedro, and the other varied activities of the agency. The report of the program committee will be read by William V. Cowan, in charge of the local office. Paul J. McCormick will explain in detail the significance of the program. Lieutenant Burton will speak on the "Community Service, the Legion's Strongest Ally." After the appointment of committee by the chairman, Dr. James A. Francis will speak on "Community Service vs. Social Unrest."

TO GREET HAYS, PARTY LEADER.
Welcome Committee Named by Republicans of South.
National Chairman is Due Here Tomorrow.
Preceded by Notable Women of G. O. P. Organization.
The Republican Central Committee for Southern California, at a meeting yesterday, named the following reception committee, to meet with Mr. Hays, chairman of the Republican National Committee, and his party when they arrive in this city at 10:30 a.m. tomorrow.
Henry S. McKee, E. A. Dickson, Harry Chandler, Mrs. E. R. Brainerd, Dr. D. M. Gandler, Mrs. J. F. Sartori, Mrs. H. A. Cable, Judge Robert M. Clark, former Judge Walter Goodwell, P. M. Johnson, M. Llesner, C. C. Chapman, Mrs. Clara S. Foltz, Hugh McBeth, Thomas Hughes, Harry Haldeman, Marco Hellman, Seth Brown, Dr. John R. Haynes, Dudley Robinson, D. M. Hamberger, John Willis Bess, Henry C. McFarland, Frank P. Dougherty, Dell Schweitzer, Ed Pfeiffer, San Diego; Maurice Griffin, Riverside; E. H. Phil, Bernardino county; Walter D. Eadon, Santa Ana; Phil D. Swing, Imperial; D. J. Reese and George C. Power, Ventura; and Ira Kramer, Santa Barbara county.
Mr. Hays and other members of his party, who will come Judge Walter Goodwell, P. M. Johnson, M. Llesner, C. C. Chapman, Mrs. Clara S. Foltz, Hugh McBeth, Thomas Hughes, Harry Haldeman, Marco Hellman, Seth Brown, Dr. John R. Haynes, Dudley Robinson, D. M. Hamberger, John Willis Bess, Henry C. McFarland, Frank P. Dougherty, Dell Schweitzer, Ed Pfeiffer, San Diego; Maurice Griffin, Riverside; E. H. Phil, Bernardino county; Walter D. Eadon, Santa Ana; Phil D. Swing, Imperial; D. J. Reese and George C. Power, Ventura; and Ira Kramer, Santa Barbara county.
Others of the party, who are expected here with the national chairman are Mrs. M. South of Kentucky, another member of the women's executive committee of the national organization; Albert Lindley, regional director of ways and means for the nine Pacific Coast and Western States; Sam Sweet, national committeeman for the State of Washington, and several secretaries and stenographers.
Tomorrow's events in connection with Mr. Hays's visit will include a reception to him at the train, conferences during the early afternoon, an informal reception from 2 to 5 p.m. on the mezzanine floor of the Alexandria, and a banquet in the evening at the Broadway-Barker Store Cafe, at which Mr. Hays will be the chief speaker among several who will address the group of about 400, including 150 Republicans from out of town, representing every county in the south.
COURT ACTION OPENS MALIBU RANCH ROAD.
MRS. RINDGE LOSSES FIGHT FOR INJUNCTION TO PREVENT WORK ON HIGHWAY.
Under a decision handed down by Judge Valentine yesterday, which threw out of court the suit of Mrs. May K. Rindge, through her son-in-law, Merritt H. Adamson, to prevent the County Supervisors from constructing the new highway through the Malibu ranch, the county will proceed at once to build the road.
The new highway is to extend from Santa Monica along the ocean front through the Malibu ranch to the Ventura county line, a distance of twenty-two miles. The property was acquired through a condemnation suit tried by Judge McConnell. Mrs. Rindge was awarded \$43,000 damages for land taken, damages by severance and fencing. The county deposited the money in court.
Mrs. Rindge through her son-in-law brought suit for an injunction. The county demurred on the ground that the complaint did not set up facts sufficient to constitute a cause of action. Judge Valentine yesterday denied the injunction and sustained the demurrer without leave to amend. Mrs. Rindge's appeal from the court's judgment.
The new highway was determined upon after settlers in the Malibu Mountains, asserting they were isolated and denied permission to cross the Malibu ranch, petitioned the supervisors for some means of reaching the markets. Mrs. Rindge bitterly opposed the plans to build the road on the ground that the settlers had other routes of travel.
MISCONDUCT SEEN BY WIFE, STATES GIRL.
QUEER STORY MARKS HEARING OF HUSBAND ACCUSED OF STATUTORY OFFENSE.
Jealousy did not figure in the case of the wife of Albert Snellgrove, according to testimony yesterday, at the hearing in Justice Brown's court of the husband, accused of a statutory offense. Raymonde Leroux, aged 14, testified that on many occasions the wife did not object to the attention paid to the girl by her husband. Under cross-examination by John L. Richardson, defense attorney, the girl stated that several times Mrs. Snellgrove witnessed offenses, and that she raised no objection so long as she knew about them.
Once, said the witness, Snellgrove gave her a trinket and the wife said that the girl should "kiss him for that." She said she did. The case was continued until February 10.
Snellgrove was recently acquitted at Santa Ana on a similar charge involving a girl friend of Miss Leroux. The same facts alleged in the present case were heard at Santa Ana, where the jury disagreed.

35 Hats at \$5.00
48 Hats at \$7.50
65 Hats at \$10.00
57 Hats at \$15.00
(Third Floor)

AID TO CENSUS ASKED OF ALL SOCIETY.
(Continued from First Page.)
The enumeration began the 1st inst. Each enumerator, in addition to his enumeration sheet, has a street book, in which is entered every residence on every street in the city. The enumerator enters opposite the number of the house, the date of the first call. If all the occupants of the house are enumerated at that time, the number of the house is made of record in the book. But if any occupant of the house is missed, that fact is recorded in the book and the dates of subsequent calls are also noted. When each enumerator completes his district, his book is turned over to the inspectors, who check it carefully and call at all houses where occupants have been missed. Information sent in on the books printed herewith or sent by telephone to the census office or to the Chamber of Commerce, will result in the information that the street books contain, as to persons who have been overlooked.
All these cases are to be taken up by the inspectors, to the end that when the checking ends, every man, woman and child who is now a resident of the city will have been included.
THOUSANDS REPORT.
The need for every public-spirited citizen bestirring himself is illustrated by the rush of uncounted people who reported at the Chamber of Commerce yesterday. More than 16,000 blanks were given out there during the day. Today, the whole force of the chamber will be put to work at the job of seeing that every nose in Los Angeles is counted. The enumeration in the city, outside of the city, is to be in progress until February 1. The enumerators who are counted in the city will be paid off within a few days, but are not to be relieved from duty at once. Supervisor Dodson stated yesterday.
SEEK OFFICES HERE.
Two Railroad Lines Will Be Ready for Business by March.
Two new railroad offices will be opened in Los Angeles within the next few days, according to information received here yesterday. The Chicago, Burlington and Quincy and the Wabash Route have men here seeking locations for new offices. As soon as the roads are returned to private ownership, operations of the eastern roads will be begun in this city.
W. W. Elliott of the Burlington route is here considering a number of locations. Ross C. Cline of the Wabash is due in the city within a short time. Mr. Cline plans on opening February 16, while Mr. Elliott will not have arrangements concluded before March 1.
ENTERS GUILTY PLEA.
Pleading guilty to burglary of the residence of E. W. Lewis, 431 Rosemont avenue on December 24, J. P. Emmett appeared before Judge Craig yesterday. He will appear for sentence on Monday.
FOR DIAMOND THEFT.
Leah W. Zickrick, accused of robbing S. Simmons, a diamond merchant, of ten diamonds valued at \$200, pleaded guilty yesterday in Judge Craig's court. He will appear for sentence on January 15.
MURDER CHARGE MADE.
A complaint accusing Thomas Edward McCann, aged druggist, who admits killing his wife, Mary A. McCann, by murder, was issued yesterday by Deputy District Attorney Baer. McCann will be arraigned today.
(Continued from Third Page.)
the marriage rites in the presence of the two families.
Because of the recent death of the bride's father, the service was simple, white satin and a veil of tulle, crowned with orange blossoms. Her bouquet was of orchids and bride roses.
Home from East.
Mr. and Mrs. W. D. Woolwine and their son-in-law and daughter, Mr. and Mrs. Thomas Weeks Banks, have returned from New York and Nashville, Tenn. Mrs. Woolwine went to New York in the late autumn and was stricken suddenly ill, and sent for her daughter to be with her. After she was strong enough to travel the family then went to Nashville for the holidays, which they spent with relatives.
Interesting Journalist Here.
Mrs. Marion Ryan of London, an affable, pleasant, and a well-known writer, is here on a visit to Los Angeles and California, and especially about the moving picture studios and actors here. She has been the house guest of Mrs. C. W. Hinchcliffe in Westlake avenue, but is now in Hollywood. Mrs. Hinchcliffe gave a dinner and bridge party for her Wednesday evening.
ADmits JOYRIDING.
Harry Brooks pleaded guilty yesterday in Judge Craig's court to a charge of riding in an automobile not his own, without the owner's consent. He asked for probation and will be given a hearing on January 23.
CHANGES HIS PLEA.
Changing his plea Leo Laughlin pleaded guilty yesterday in Judge Craig's court to the second count of an information alleging two statutory offenses. He admitted the offense in which Helen Rice, 18, was a witness against him. He asked for probation and will be given a hearing on January 23.
FINDS BURGLAR AT WORK.
Report was made to the Sheriff's office yesterday by George Robinson of San Marino that he surprised a burglar in his house Wednesday night. The intruder escaped after a gun fight with Mr. Robinson. He obtained no loot.

DAILY TRADE TALK.

New Edison Financing; Shoes May Cost Less; Production News.

BY CHAPIN HALL.

For the purpose of extensions and improvements of the hydroelectric generating system of the Southern California Edison Company, which serves 160 towns in Southern California, including Los Angeles, Pasadena, Long Beach, San Bernardino and Riverside, and extending over 1,700,000 Southern California Edison general and refunding 6 percent bonds due 1944, which are being offered to the public this morning at 98 to net the investor in excess of 6.30 per cent.

Associated with the Harris Trust and Savings Bank in this financing are E. H. Rollins & Sons and the National City Company. A number of local dealers will also participate in this offering.

It is an interesting fact that upon completion of the Edison company's new Big Creek plant No. 3 and the increase in the size of its Big Creek plant No. 2, where 42,000 horse power and 21,000 horse power, respectively, generating capacity are being installed, and upon the completion of the Shaver Lake reservoir, these plants will generate, with normal water conditions, 273,000,000 additional kilowatt hours a year, the equivalent of 1,600,000 barrels of fuel oil of a present market value of \$2,000,000.

Just the gross net earnings of the properties now comprising the Edison system have more than quadrupled during the past thirteen years. The latest financial statement shows net earnings in excess of two or three times the annual mortgage interest charges, including the bonds now offered. The large equity over and above this issue is indicated by over \$23,000,000 interest-bearing obligations and dividend-paying stocks.

More Bank Elections.

The annual election of the Security National Bank was held yesterday, but no changes were recorded in either directorate or officials. The Security Trust and Savings Bank, which is under the same control and ownership will elect a new board on January 23, at which time all of the present incumbents will be returned together with nine additional members made necessary by the rapid growth and expansion of the institution, which has increased its deposits by about 50 per cent, during the year. Joseph P. Sartori, who has guided the destinies of the Security for a quarter of a century, will, of course, be re-elected. He will all of the present incumbents. At the meeting of the stockholders of the Security Trust and Savings Bank, one of the old officers were re-elected, together with the former board, with the addition of J. G. Warren, president of the Warren & Bailey Company, and W. W. Gibbs, Jr., cashier of the bank.

Automobile Exports.

The recent assertion that three-fourths of the automobiles of the world are owned in the United States and that nine-tenths of those now in the whole world were produced in our own manufacturing establishments, lends interest to a compilation by the National City Bank, regarding our exportation. These figures show that we have sent abroad in twenty years, worth \$1,000,000,000 of which total \$188,000,000 were shipped in 1919. The import of an equally interesting story of the reverse side of the picture. These have aggregated \$1,000,000,000 since 1900, when the first records were made. In 1919, the foreign market was touched at \$2,377,000, and this has steadily declined to the lowest point in 1919, when we imported only \$224,709 worth of foreign-made machines.

A Great Money Maker.

Uncle Sam is a great money maker, as well as a great borrower. Last year the mints of the United States produced \$23,113,135 coins, compared with \$24,000,000 in 1918, which was the record up to that time. This mintage included 2,079,000 half dollars, 16,194,000 quarters, \$4,229,000 dimes, 600 nickels, and \$8,935,000 pennies, to a total valuation of \$20,777,000. Coins in foreign denominations included \$4,400,000 pieces for the Philippines, 10,000,000 pieces for \$4,000,000 pieces for Salvador, \$50,000 for Nicaragua, 2,300,000 for Venezuela, and 20,750,000 for Peru.

The Price of Shoes.

There have been mighty few rifts in the clouds since the 1919 schedule of prices began to be forecasted. The trend has been steadily and consistently upward, and in spite of all efforts of government and otherwise, to bring about the long-anticipated lower level, nothing has occurred to lead to the ultimate revival of the belief that the year offered very much hope for him. Now, however, there is a slight revival of a possibility argued in these columns a couple of months ago, that shoes would perhaps be less expensive. There have been no recent perpendicular advances, and, while standard makes of footwear are still being offered to the consumer at about \$8.50 minimum and no maximum at all, it is the growing im-

pression among dealers that the peak has actually been reached, and that there is to be a gradual decline in the leather market. There will, of course, be no return to the pre-war working hours and decreased efficiency, but the decline in the leather market is being anticipated, and it is being anticipated that at least one necessity at a reduced price.

Excess Profit Tax.

The excess profit tax has scarcely a friend in court. Los Angeles bankers and investors denounce it as excessive and inequitable taxation, and most of them claim that it is a large contributing factor in the high cost of living. The tax falls most heavily on those of limited means, and is always passed along to the consumer, and then some, opening the door, in many instances, to the practice of the "foreign" loaner, George M. Reynolds, the Chicago banker, is quoted as saying: "Opinion is pretty general that the excess profits tax should be repealed, because, for the most part, it is useless from the standpoint of sound financing. Its repeal would mean increased production. Lifting the embargo on foreign loans and lending \$2,000,000,000 or so to make a profit in trans-Atlantic trade."

William R. Staats Company.

At the annual meeting of the William R. Staats Company held yesterday afternoon the board of directors was increased from seven to nine, and the office of chairman of the board created. The new directors are John R. Staats, president, William R. Staats, and Harry B. Brooks. The former has been associated with the Pasadena office since 1909 and Mr. Brooks for a longer period has been at the head of the stock department of the company at the Los Angeles office. The new board was composed of William R. Staats, Frank C. Monroe, John E. Coghlan, John W. Edmonson, Harry B. Brooks, and Harry B. Brooks. At an organization meeting, which followed the election of William R. Staats, made chairman of the board; John E. Coghlan, president; Lloyd R. May, Frank C. Monroe, John W. Edmonson, vice-presidents; John S.

KANSAS CITY (Mo.), Jan. 15.—Butter, creamery, unchanged; packing, 1 cent lower, at 29. Eggs, 2 cents lower; firsts, 56; second, 41. Poultry, unchanged.

LATEST NEWS OF FOOD PRICES.

The sale of pure wheat flour, which is being marketed by the United States Grain Corporation at prices averaging 44 per barrel lower than the prices of patent hard wheat flour, is greatly increasing in volume, according to an announcement made yesterday by George H. Martin, local representative of the grain corporation. Arrangements have been completed by which this flour will be milled on the Pacific Coast from high-grade California wheat and distributed to the public through regular retail channels. The flour will be sold to any grocer who agrees to sell at prices no higher than the maximum fixed by the grain corporation. The flour is branded: "United States Grain Corporation Standard Pure Wheat Flour." It is not a "Victory Flour" or a "War Flour," and contains no substitutes.

Patch flour prices have risen 1

Look to the Security

Bear in mind these questions:

- First:** What is the fundamental security of your investment?
- Second:** Will your interest surely be paid?
- Third:** Can your principal be collected when due?
- Fourth:** Considering the above, are you receiving the proper interest return upon your investment?

We are going through an unusual period of reconstruction and readjustment. All sorts of securities are being offered the public. Are these securities "fundamental" or are they speculative?

You cannot afford to jeopardize your principal for a small amount of additional interest.

We offer you conservative, guaranteed first mortgages upon productive real estate—the most fundamental, oldest and most time-tried form of investment known.

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE.)

NEW YORK, Jan. 15.—An undercurrent of strength pervaded today's stock market, although the undefined attitude of the Federal Reserve Bank and attendant monetary uncertainties intensified the confusion already prevalent in speculative circles.

Rallies of two to eight points from the acute depression of the previous session were due, according to popular belief, to an overall condition.

The call money market was easier, the opening rate of 9 per cent. holding until the final hour, when it fell to 8 1/2 per cent. Loans were offered as low as 6 per cent. There were several outstanding features, notably the strengthening of secondary oils and specialties. Prominent among these were Middle States Oil, Union Oil and Columbia.

Graphophone, in which gross receipts ranged from 8 to 17 1/2 points. Sales were 1,000,000 shares. Foreign remittances weakened with another collapse in German and Austrian exchanges. Sterling derived no benefit from the more favorable weekly statement of the Bank of England.

The heavy bond market embraced investment rails, Liberty and international war flotations and numerous industrials. Total sales (par value) were \$17,500,000. Old United States bonds were unchanged on call. Mercantile paper, 6. Sterling demand, \$2.71; cables, \$2.71 1/2. Time loans, strong; all closed, 1-2. Call money, easy; high, 9; low, 7 1/2. Bar silver, \$1.30 3/4. Mexican dollars, \$97.75.

LONDON, Jan. 15.—Bar silver, 75d per ounce. Money 4 per cent.

STOCK QUOTATIONS

IN NEW YORK CITY.

(Published by Logan & Bryan, Members New York and Boston Stock Exchanges, Van Nuys Bldg.)

THE MARSHALL & COMPANY
ST. FOURTH STREET, LOS ANGELES

Music Industry of the World—Upon Which Is Based Our Wealth and Prosperity—

social depression,—hard times,—can almost be traced to shortage of crops. Upon the farmer depends the financial stability of the country.

people realize that this giant industry is the backbone of the modern methods of production which have brought wealth to every other country.

of today realizes that he, too, must adapt himself to the modern methods of production. By so doing he is re-financing the great and stable of American industries. He gives opportunity to participate in the resulting profits.

the modernizing of the production and distribution of fruits and produce the International company has been formed. Its operations return to the farmer, to the profit of the consumer.

the investing public an opportunity to participate in the first unit of 7% Preferred. Cumulative stock at par value, \$100.00. This stock will estimate earnings of 21 1/2%, and each share of the preferred will be given the purchase TWO shares of common stock. All this stock is granted by the Commission of the State of California,—and some of the most successful financiers in Los Angeles have preferred to their relative to our standing.
